Mr. Kenny Lam, Group President of Noah, said, "The macro environment in the third quarter was one of the most volatile in recent years. With our cautious approach to risk management and product selection, we have effectively managed this volatility and continue to deliver solid results. Our clients recognize the benefits of our commitment to long term value investing and we believe that the volatile market conditions create an opportunity for us to expand our client base even further."

"Going forward we will continue to invest in our research, product selection and asset management capabilities, as well as technology platforms to support the sustainable growth of our business. We are pleased to see that this strategy is already bearing fruit and are confident that we will continue to cement Noah's position as a leading wealth and asset management in China," added Mr. Lam.

THIRD QUARTER 2015 FINANCIAL RESULTS

Net Revenues

Net revenues for the third quarter of 2015 were US\$82.6 million, a 31.4% increase from the corresponding period in 2014, primarily due to increases in one-time commission revenues, recurring service fees and performance-based income.

- **Wealth Management Business**
 - **Net revenues from one-time commissions** for the third quarter of 2015 were US\$27.8 million, a 10.9% increase from the corresponding period in 2014, primarily due to an increase in the aggregate value of the wealth management

products distributed by the Company.

- **Net revenues from recurring service fees** for the third quarter of 2015 were US\$24.8 million, a 8.3% increase from the corresponding period in 2014, mainly due to the cumulative effect of finance products previously distributed by the Company with chargeable recurring service fees, which was partially offset by the impact of lower recurring service fee rates due to a change in product mix.
- **Net revenues from performance-based income** for the third quarter of 2015 were US\$5.4 million, primarily consisting of performance-based income received for the positive performance of the secondary equity market fund products distributed by the Company.
- **Net revenues from other service fees** for the third quarter of 2015 were US\$1.3 million, compared with US\$0.2 million in the corresponding period of 2014.

- **Asset Management Business**

- **Net revenues from recurring service fees** for the third quarter of 2015 were US\$16.2 million, a 35.8% increase from the corresponding period in 2014, primarily due to the increase in assets under management by the Company, partially offset by the impact of lower management fee rates due to a change in composition of asset types under management.
- **Net revenues from performance-based income** for the third quarter of 2015 were US\$4.2 million, a 119.7% increase compared with the corresponding period in 2014, primarily consisting of performance-based income received for the positive performance of secondary equity market funds managed by the Company.

- **Internet Finance Business**

- **Net revenues for the third quarter of 2015** were US\$2.5 million, a 304.6% increase from the corresponding period in 2014, primarily because this is a new and fast growing business segment for the Company.

Operating costs and expenses

Operating costs and expenses include compensation and benefits, selling expenses, G&A expenses, other operating expenses and government subsidies. Operating cost and expenses for the third quarter of 2015 were US\$54.7 million, a 36.6% increase from the corresponding period in 2014.

- **Wealth Management Business**

Operating costs and expenses for the third quarter of 2015 were US\$40.8 million, a 38.3% increase from the corresponding period in 2014.

- **Compensation and benefits** includes compensation for relationship managers and back-office employees. Compensation and benefits for the third quarter of 2015 were US\$34.1 million, a 59.6% increase from the corresponding period in 2014. In the third quarter of 2015, relationship manager compensation increased by 61.8% from the corresponding period in 2014, reflecting an increase in the aggregate value of financial products distributed and an increase in commission rate to relationship managers driven by the change in product mix. Other compensation for the third quarter of 2015 increased by 56.2% from the corresponding period in 2014, primarily due to increases in both the number of back-office employees and share-based compensation.
- **Selling expenses** for the third quarter of 2015 were US\$9.8 million, a 76.8% increase from the corresponding period in 2014, primarily due to increased general marketing expenses resulting from an increase in the Company's marketing efforts, as well as increased employee activities and rental fees.
- **G&A expenses** for the third quarter of 2015 were US\$2.9 million, a 2.5% increase from the corresponding period in 2014.
- **Other operating expenses**, which include other costs incurred directly in relation to the Company's revenues, for the third quarter of 2015 were US\$1.6 million, an increase of 22.4% from the corresponding period in 2014. The increase was primarily due to the growth of other businesses within the wealth management segment.
- **Government subsidies** represent cash subsidies received from local governments for general corporate purposes. The Company received US\$7.6 million in government subsidies in the third quarter of 2015, compared to US\$1.6 million in the corresponding period of 2014.

- **Asset Management Business**

Operating costs and expenses for the third quarter of 2015 were US\$5.0 million, a 17.4% decrease from the corresponding period in 2014.

- **Compensation and benefits** include compensation of managers of institutional client relationships, fund managers and back-office employees. Compensation and benefits for the third quarter of 2015 were US\$7.9 million, a 48.2% increase from the corresponding period in 2014, primarily due to an increase in performance fee compensation to fund managers as higher performance-based income was recognized in the third quarter of 2015 compared to the corresponding period in 2014.
- **Selling expenses** for the third quarter of 2015 were US\$1.0 million, compared with US\$0.2 million in the corresponding period of 2014.
- **G&A expenses** for the third quarter of 2015 were US\$1.4 million, a 33.9% decrease from the corresponding period in 2014, primarily due to decreased legal fees.
- **Government subsidies** represent cash subsidies received from local governments for general corporate purposes.

The Company received US\$6.2 million in government subsidies in the third quarter of 2015, compared to US\$1.6 million in the corresponding period in 2014

- **Internet Finance Business**

Operating costs and expenses represent the Company's expenses in human resources, marketing and internet infrastructure, as well as other expenses incurred in promoting the Company's internet finance business. Operating costs and expenses for the third quarter of 2015 were US\$8.8 million, primarily consisting of compensation and benefits of US\$5.1 million, selling expenses of US\$1.1 million, G&A expenses of US\$1.9 million and other operating expenses of US\$0.7 million.

Operating Margin

Operating margin for the third quarter of 2015 was 33.9%, as compared to 36.4% for the corresponding period in 2014.

- **Wealth Management Business**

Operating margin for the third quarter of 2015 was 31.2%, compared to 39.1% for the corresponding period in 2014. The decrease was mainly due to higher growth rate of operating costs and expenses compared to the growth rate of net revenues in the third quarter of 2015.

- **Asset Management Business**

Operating margin increased to 75.9% for the third quarter of 2015 from 56.1% for the corresponding period in 2014. The increase was primarily due to the increase of revenues in the third quarter of 2015, compared to the corresponding period in 2014.

- **Internet Finance Business**

Operating loss for the third quarter of 2015 was US\$6.3 million compared with US\$3.8 million for the corresponding period of the prior year.

Income Tax Expenses

Income tax expenses for the third quarter of 2015 were US\$6.2 million, a 4.9% increase from the corresponding period in 2014. The increase was primarily due to higher taxable income.

Net Income

- **Net Income**

- **Net income attributable to Noah shareholders** for the third quarter of 2015 was US\$23.9 million, a 33.7% increase from the corresponding period in 2014.
- **Net margin** for the third quarter of 2015 was 29.2%, as compared to 29.8% for the corresponding period in 2014.
- **Net income per basic and diluted ADS** for the third quarter of 2015 was US\$0.43 and US\$0.41, respectively, as compared to US\$0.32 and US\$0.32, respectively, for the corresponding period in 2014.

- **Non-GAAP Net Income Attributable to Noah Shareholders**

- **Non-GAAP net income attributable to Noah shareholders** for the third quarter of 2015 was US\$26.2 million, a 34.8% increase from the corresponding period in 2014.
- **Non-GAAP net margin** for the third quarter of 2015 was 31.8%, as compared to 31.0% for the corresponding period in 2014.
- **Non-GAAP net income per diluted ADS** for the third quarter of 2015 was US\$0.44, as compared to US\$0.34 for the corresponding period in 2014.

Balance Sheet and Cash Flow

As of September 30, 2015, the Company had US\$281.4 million in cash and cash equivalents, compared to US\$258.5 million as of September 30, 2014 and US\$251.9 million as of June 30, 2015.

Cash inflow from the Company's operating activities during the third quarter of 2015 was US\$64.2 million, an increase from US\$16.9 million in the second quarter of 2015, mainly due to the impact from the increase in accrual for compensation and benefits, and income tax payables.

Cash outflow from the Company's investing activities during the third quarter of 2015 was US\$28.8 million, a decrease from US\$41.0 million in the second quarter of 2015, primarily due to a decrease in investments in short-term investments.

Cash outflow from the Company's financing activities for the third quarter of 2015 was US\$1.6 million, due to share repurchases of \$7.0 million, which was partially offset by cash inflow from a minority shareholder investment of \$5.3 million.

On July 8, 2015, the Company's board of directors authorized a share repurchase program of up to US\$50 million worth of its issued and outstanding ADSs over the course of one year. As of September 30, 2015, the Company has repurchased 356,515 ADSs for approximately US\$7.0 million under this program, inclusive of transaction charges.

2015 FORECAST

The Company reiterates its estimate that non-GAAP net income attributable to Noah shareholders for the full year 2015 is expected to be in the range of US\$90.0 million to US\$95.0 million, an increase of 15.9% to 22.3% compared to the full year 2014. This estimate reflects management's current business

outlook and is subject to change.

DISCUSSION OF NON-GAAP FINANCIAL MEASURES:

In addition to disclosing financial results prepared in accordance with U.S. GAAP, the Company's earnings release contains non-GAAP financial measures that exclude the effects of all forms of share-based compensation. The reconciliation of these non-GAAP financial measures to the nearest GAAP measures is set forth in the table captioned "Reconciliation of GAAP to Non-GAAP Results" below.

The non-GAAP financial measures disclosed by the Company should not be considered a substitute for financial measures prepared in accordance with U.S. GAAP. The financial results reported in accordance with U.S. GAAP and reconciliation of GAAP to non-GAAP results should be carefully evaluated. The non-GAAP financial measure used by the Company may be prepared differently from, and therefore may not be comparable to, similarly titled measures used by other companies.

When evaluating the Company's operating performance in the periods presented, management reviewed non-GAAP net income results reflecting adjustments to exclude the impacts of share-based compensation to supplement U.S. GAAP financial data. As such, the Company believes that the presentation of the non-GAAP net income, non-GAAP income per diluted ADS and non-GAAP net margin provides important supplemental information to investors regarding financial and business trends relating to the Company's financial condition and results of operations in a manner consistent with that used by management. Pursuant to U.S. GAAP, the Company recognized significant amounts of expenses for the restricted shares and share options in the periods presented. The Company utilized the non-GAAP financial results to make financial results comparable period to period and to better understand its historical business operations.
